## PRIVACY NOTICE FOR PARENTS/GUARDIANS

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about **students**.

Ysgol Rhiwabon is the 'data controller' for the purposes of data protection law.

Our data protection officer is Mr G Evans, Business Manager (see 'Contact us' below).

### The personal data we hold

Personal data that we may collect, use, store and share (when appropriate) about students includes, but is not restricted to:

- Results of internal assessments and externally set tests

- Details of any support received, including care packages, plans and support providers

- Protect student welfare
- Assess the quality of our services
- Administer admissions

## **Our legal basis for using this data.**

We only collect and use students' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation
- We need it to perform an official task in the public interest

Less commonly, we may also process students' personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use students' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using students' personal data overlap, and there may be several grounds which justify our use of this data.

## **Collecting this information**

While the majority of information we collect about students is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

## How we store this data

We keep personal information about students while they are attending our school. We may also keep it beyond their attendance at our school if this is necessary in order to comply with our legal obligations. Our Records Management Policy sets out how long we keep information about students.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

This information may be shared information with other organisations which promote children's education or wellbeing in Wales. Such organisations must agree to strict terms and conditions about how they will use the data.

### **Youth support services**

Once our students reach the age of 13, we are legally required to pass on certain information about them to Wrexham County Council as it has legal responsibilities regarding the education or training of 13-19 year-olds.

This information enables it to provide youth support services, post-16 education and training services, and careers advisers.

Parents/guardians, or students once aged 16 or over, can contact our data protection officer to request that we only pass the individual's name, address and date of birth Wrexham County Council.

### **Transferring data internationally**

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

### **Parents and students' rights regarding personal data**

Individuals have a right to make a '**subject access request**' to gain access to personal information that the school holds about them.

Parents/guardians can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

Parents also have the right to make a subject access request with respect to any personal data the school holds about them.
